AN EFFORT TO FORCE BRADLAUGH
INTO BANKRUPTCY.

Treaty—The News from Spain.

LONDON, March 30.—Over one hundred members of parliament, who had been absent from London, returned yesterday to vote on the "cloture" question. Only a few members have paired, all, except one, on account of illness. Over 300 liberals and the whole conservative strength, with four exceptions, have signed their intention of voting

THE QUESTION UP.

Special Dispatch to The Constitution.

The house of commons this evening is overcrowded in every part. The debate on the cloture proposition was resumed, John Bright arose to speak, and was received with loud cheers from the liberal benches. He said there could be no doubt that, unless something was done to deliver the house from its difficulties, it would stand before the country as having neglected its duty. If the proposed resolution erred, it was in not being sufficiently se-

vere. He concluded with an appeal to the members generally to assist the government in the discharge of its duty. Mr. Sexton said he would rather his name should go down to posterity with names of base informers who had sworn away the lives of innocent Irishmen, than to be numbered among members voting with government. The resolution was carried by a vote of 318 to 279.

DILLON TO STAY IN PRISON.

Special Dispatch to the Constitution.

The Dublin Freeman's Journal says that Dillon protested to Dr. Carle, physician of the Royal hospital at Kilmainham, against his further detention of the members voting against health. Dr. Carle submitted Dillon's letter to Earl Cowper, lord lieutenant, and Mr. Forster, chief secretary for Ireland. The latter replied, by a letter to the prisoner, saying that he was not authorized to make any further allusion to the subject after the present protest, and adds: "I shall request my physician not to make any further reports on the subject of the health of the members voting against six members of parliament, none of whom consequently will visit Ireland during the parliamentary recess."

The Nineteenth Century contains a protest against the channel tunnel, on the ground that it would involve England in military dangers and liabilities from which, as an island, she has hitherto been free. Among the signatures are Lord Lytton, Right Hon. Sir Richard Ashteton Cross, Cardinal Manning, Alfred Tennyson, Robert Browning, Professors Huxley and Goldwin Smith, James Caird. Generals Sir Lenthorne, Simmons and

PERSECUTING BRADLAUGH.
Special Dispatch to The Constitution.
In the court of queen's bench to-day, Mr. Lark, plaintiff in the case against Mr. Bradlaugh, applied for judgment against the defendant, notwithstanding Bradlaugh's appeal to the house of lords is still pending. Justices Grove and Huddleston gave judgment against Bradlaugh, whose opponents desire to force him into bankruptcy, so as to vacate his seat in parliament.

SPECIAL DISPATCH TO THE CONSTITUTION.
The Most Rev. Thomas Nulty, Roman Catholic Bishop of Hartford, refused to attend the committee of the house of lords to enquire into the working of the land act.

DISTURBANCES IN SPAIN.
SPECIAL DISPATCH TO THE CONSTITUTION.
MADRID, March 30.—The chamber of deputies to-day, Senor Gonzales, minister of the interior, confirmed the report of disturbances in Barcelona. It is believed that in the event of the disturbances continuing, the general will be authorized to declare the Catalan provinces in a state of siege. In Girona, Sabadell, and Tarrasa the workshops and manufactories are being closed. The high government has ordered the laborers in Andalusia in consequence of the distress occasioned by the prolonged drought. Tranquility has been restored by relief measures. The strikers in Barcelona have been ordered to return to their country boxes belonging to the Octroi authorities. Many additional arrests were made. A detachment of Catalan operatives were given a hearing before the committee of the chamber of deputies to-day. They represented that the adoption of the Franco-Spanish treaty would deprive

00,000 workmen of the means of subsistence.
FRENCH TRADE WITH ENGLAND.
PARIS, March 3.—A committee on commercial treaties in the chamber of deputies advocate a resumption of negotiations for a treaty with England.

CURIOSITIES OF THE CENSUS.

The Nativity of the Population of a Number of the States of the Union.
Special to the Cincinnati Gazette.

WASHINGTON, March 28.—The latest bulletin issued by the census bureau reports the natives of the inhabitants of Arizona, Colorado,

connecticut, Dakota, Idaho, Nevada, New Hampshire and South Carolina. Of the population of Connecticut, 492,708 are native born, and of these, excluding colored, 391,687 were born in the state, 38,070 were born in New York, and 22,556 were born in Massachusetts. No other state has contributed to our population more than 8,207, which is Rhode Island's quota. The foreign born population is 129,992, of which Ireland contributed over 70,000, and Germany, England and Can-

Of New Hampshire's native population of 100,697, 242,337, not counting the colored, were born in the state. Of the rest 20,524 were from Massachusetts, Vermont 14,969, Maine 14,112, and no other state more than 1000. The foreign born population is 46,294, of which 25,703 were from Canada, and 13,052 from Ireland.

The states which have contributed to Dakota's native born population are, in order, Wisconsin, New York, Minnesota and Iowa. The foreign population is chiefly from the following places in the order of numbers: Britie Garrettsville

American immigrants to Idaho are, in order of number, from Utah, Missouri, New York, Illinois and Ohio. The foreign, from China, England, Ireland and Germany, the Chinese being almost precisely one-third of all the foreign born.

To Nevada's native born population California and New York have contributed over 100,000 each, and six other states, including Maine and Massachusetts, over 10,000. The foreigners are mostly from China, Ireland, England and Canada.

The population of Arkansas, Tennessee as contrasted with any other state, and of the nine states specified not one is a northern state. There are only about 10,000

foreigners in the state, and Germany and Ireland supplied more than half of them.

To Colorado's population New York has contributed more than any other state. Illinois, Missouri, Ohio, Pennsylvania and New Mexico follow in order. There are more Englishmen than any other foreigners. Irish, Germans and Canadians follow in order.

GUNS FOR MONUMENTS.

How Congress Has Disposed of a Large Amount of Ordnance.

Special to the Chicago Times.

WASHINGTON, March 28.—Congress began to pass laws twelve or fifteen years ago giving condemned bronze or iron cannon to various associations, to be used in the erection of soldiers' monuments or in casting statues in honor of warriors or in casting statues in war. A distinguished general of the civil war away cannon. A number of bills which gave the present sense have been introduced during the calendar. A and many of them are on

a monument to President Garfield was introduced, but the committee decided to give men and the people who use guns. Congressmen should know the real condition of the supply of useless guns. The government has now only 28,000. The bronze guns, of which 20,000 are in the arsenals and six thousand are in forts. There are, however, 65 other guns, serviceable but obsolete. Any of these bronze guns can be used in the manufacture of a monument to President Garfield.

of the ordnance department. They are worth 16 cents a pound, or about \$136,000. There are also 774 cast iron guns, which are either unserviceable or of obsolete model, and 98 guns of steel or wrought iron in the same condition. These cannot be utilized in manufacture by the ordnance department. The iron guns are worth 1½ cents a pound, or about \$11,000, and the wrought iron and steel guns 10 cents a pound, or about \$10,000. These guns were enacted in 1870, and many others since that time, providing for the contribution of guns. But the guns have not yet been

delivered. One of these laws, passed 12 years ago, gave 50 guns for the West Point monument; another, guns to be placed around the monument in memory of General Lyon. By other laws of that year, an indefinite number of guns were given away for use in making an equestrian statue of General Rawlins, and an indefinite number were given to the Lincoln monument association. In obedience to this law 12 guns have been delivered, and application has been made for 240 more, or nearly 300,000 pounds of bronze. Under a similar law only 35 guns have yet been given to be used by the Gettysburg battle-field memorial association.

honor association. Among the many associations which are entitled to seats under laws passed since 1870 are those of Providence, R. I., Eastford and Layford, Conn., Jersey City, N. J., and Syracuse, N. Y.

THE SEAT OF AUTHORITY.

As Defined by the Late Catholic Council in Cincinnati.

CINCINNATI, March 30.—The Catholic provincial council, which just have closed their

It then goes on to speak of the necessity of obedience to authority. It holds that all men are not equal, and that men ordained to rule, such as magistrates, bishops and priests, have rights which their subjects do not. It is very

main spoken on the subject of labor unions, and says that a man's labor is his own as much as the gold of the rich man, and that he has a right to sell it as he pleases at a fair price, and so long as men accord to others the same freedom as they claim for themselves there is no sin in labor banding together for self protection. But labor unions are liable to fail, and cannot be sustained when they attempt to force a man to join a union, or to work for a price fixed by the union. Catholics cannot be partners in any attempt to coerce others against their just rights, or do injury to the

THE NEWSPAPER QUESTION.

The letter has been published in newspapers, in which it specifically denounces what it calls the illegitimate means used by the Irish World in its advocacy of the cause of Ireland, but adds: "We are ready to co-operate with the bishops of Ireland in any legitimate effort to ameliorate the present unhappy condition of the Irish people."

THE SOURCE OF AUTHORITY.

Reverting to the subject of authority the letter says: "It is not Catholic doctrine that all power comes from the people, and that rulers are not to exercise authority as they may see fit, but entrusted to them by the people, the Catholic doctrine is, that the power of

over is not given by people, but they only designate who is to wield it.

As to the priest, the people are commanded to seek the law from his lips, and in all matters of civil life pertaining to faith and morals the priest has a right to speak and the people are required to listen. This doctrine, it is said, may be unpopular with modern liberalism, but that does not prove it untrue.

THE WATER SPREAD.

Humored Loss of Life Contradicted—Supplying the Dettitude.

New Orleans, March 20. —Tom looks satis-

NEW ORLEANS, March 30.—Low boats, hams, apples, skills, forage and rations have been forwarded to the bayou Grossetete. Governor McEnery has ordered deposits for supplies for that section to be established at Port Allen and Plaquemine. All the outgoing steamboats carry rations and forage to the overflowed section. The relief committee is actively at work doing good service, applying lumber, forage, medicines, etc. The demand for supplies is increasing daily, as the water continues to spread over

rossettite, Atchafalaya and the bryozoan sections. Along the Teche some thirty antanats are reported more or less damaged by the backwater from the Atchafalaya up Grand Lake.

A RUMOR CONTRADICTED.

NATCHEZ, MISS., March 30.—The report telephoned last night of the destruction of Baton's gin-house, with a loss of 130 bales of live cotton, is entirely unfounded, but as the rumor to be entirely unfounded came from the cotton country, it was taken for granted that the catastrophe had really occurred.

THE ELECTION TRIALS.
Address of the South Carolina Democratic Committee on the Subject.

COLUMBIA, S. C., March 30.—The state democratic executive committee, in session since yesterday considering political matters generally and the election connections now taking place in the United States court at Charleston, have sent out a long address to the democratic party of South Carolina, of which the following is the opening paragraph:

THE PRELIMINARY INVESTIGATION YESTERDAY.

"How many shots did you hear fired?"
"I can't tell you. They shot just as fast as they could. The first shot after I got out here struck him on the pants leg. The next struck him on the breast and throwed him." "How many shots were fired before you got there?"

The examination continued:
 "Did you hear any shots?"
 "Yes. There were shots fired."
 "In what direction from you?"
 "Around where Freeland was."
 "Did you say anything?"
 "Yes, I kept calling on them to surrender."

"Before he fell. I heard him say, 'Oh Lordy,'
and I turned and saw him fall."
"Where was he standing when he was

"In the yard."
"How far from the door?"
"I don't know."

"Who is running him?"

"Schutt, I believe, is the name of the statesman who is pleading his cause."

CITY NEWS.

THE REGULAR RECORD OF CURRENT LOCAL EVENTS.

The Day's Doing in Public Offices—The Record of the Courts, the Railroads and the State Operations—Improvements—Gossip of All Kinds.

The police are having an easy time. There are but few leaders in Atlanta. The car shed was crowded yesterday. The courthouse trade was good yesterday. Real estate trade was good yesterday. There is a demand for small cottages. Chickens are abundant in the market. The fruit stands are all making money. The market house project is dying out. Atlanta has several expert billiard players. The livermen had a good trade yesterday. The firemen are arranging for parade day. Wiley Redding was in Birmingham last week. Pool playing is a favorite with the Atlanta sport. There was a demand for prime butter yesterday. The furniture dealers enjoyed a big trade yesterday. The city hall park was crowded with children yesterday. Yesterday was a beautiful day and the streets were crowded. The city council will wrestle with the pork question again Monday night. A runaway horse created quite an excitement on Whitehall street yesterday.

Memorial Day. Ever since the war the ladies of Atlanta have kept green the memories of our fallen confederate soldiers by their memorial exercises, and they have heretofore borne the labor of preparation and arrangement themselves. This year they have appointed a committee of gentlemen to assist them in preparing for the exercises on the 26th of April.

It is certainly desirable that the ceremonies should be worthy of the occasion. Therefore, that we may appoint proper committees and make all necessary arrangements, I request the gentlemen appointed by the Ladies' Memorial association as a committee to meet at my office on Broad street, Saturday afternoon at 3 o'clock. I would be glad to have all who feel an interest to attend at this time. J. F. CUMMINGS, Chairman.

Temperance Work. A social entertainment will be given by Diamond Council, No. 1, Knights of Temperance, at their hall, 9½ West Mitchell street, this evening at 8 o'clock. The following programme, which will prove interesting, will be presented: Opening chorus, Prayer by Rev. J. C. Berrien. Music—Instrumental, by Miss Julia Abbey. Address by Judge George N. Lester. Music—Vocal, by the Ladies' Quartet. Recitation by Miss Mattie Holland. Music—Instrumental, by Miss Emma McCoy. Address by Captain W. A. Hansell. Music—Instrumental, by Misses Miller and Besker. "George Dillinger's Experience," by Captain J. Warner, of Texas. Music—Vocal solo, by Miss Mattie Perkins. Address by Mrs. Lawrence Lord, of Savannah. Music—Vocal solo, by Mrs. J. H. Cummings. Quartette, by Misses Abby and Mr. Dorsey.

Cotton Exchange. At a large meeting of the representative business men of the city, at the chamber of commerce, at 4 o'clock yesterday evening, the subject of organization was again fully discussed, and after due deliberation it was unanimously agreed to proceed at once to effect a permanent organization of the Atlanta cotton exchange.

On motion of Major Cummings a committee of five, consisting of ex-Governor R. B. Bullock, S. M. Inman, J. F. Cummings, R. F. McChesney and C. W. Parrott, was appointed to prepare business to be submitted to an adjourned meeting of the body on Saturday next, April 1st, at 4 o'clock, at the hall of the chamber of commerce. The committee will meet to-day at 2 o'clock, at the office of Major J. F. Cummings. The business men representing all departments of trade in this city, including manufacturers, merchants, and all classes generally, are invited to meet at the hall of the Atlanta chamber of commerce, on Saturday at 4 o'clock, and take part in the further work of permanent organization.

The Penny Change Room. "Please work up that penny change scheme. It is just what we want," Mr. M. High. "We are exceedingly anxious for the penny change, and are willing to adopt it to-morrow," Mr. B. "There is not a reason why the penny change should not be adopted. There are many reasons why it should," Mr. E. Cahn. "A penny saved is a penny made, and I want it," Mr. J. H. Adams. "The penny change does well in other cities, and Atlanta should have it," Mr. Walter Henderson. "There is no doubt about the advisability of penny change. My experience teaches me that the nearer you give your customer what he wants the more he will trade with you," Mr. T. J. Buchanan. "The penny change scheme is a grand one," Mr. C. H. Knapp. "If those who are opposed to the penny change ever become post-office employees, they will change their minds," Mr. J. N. Knapp. "I am in favor of the penny," Mr. Henry Durand. "There can be no harm in trying the experiment," Mr. E. H. Knapp. "If you will introduce the penny I will give you the best store in my house," Mr. A. J. Stewart. "It will be a good thing for those who give to the beggar," Mr. J. H. Knapp. "I say bring on your pennies," Mr. T. J. Buchanan.
